This meeting was called to order at 6:30p.m.

Officer Winer provided a public safety report.

Chris Hilton reported on code enforcement. Many homes have been given their periodic property surveys. She also reported that Lois Drive will be undergoing road reconstruction for six weeks, beginning 1 June. She also advised that the Ball Joint has paid their back taxes and therefore will remain open.

New Business: Chris Hilton was asked about three subjects.; 1) What has prompted the massive tree cutting on Columbia Avenue, across from the Airport ? 2) Can something be done regarding the construction mess at 2939 Gethings Road ? and 3) What has prompted the "logging" at 14258 Stone Jug Road? Is the property being developed?

Chris will check and advise

George Wytko advised that he represented the NPC on the Community Development Block Grant Committee. He stated that the applications were down substantially from prior years. We thank George for his years of service in this regard.

March minutes were approved. The meeting was adjourned at 7:10 p.m.
