Discussion

Results Guidance

- **6 to 8 primary Results** creates meaningful differentiation among programs (sufficient to prioritize)
- More than 8 tends to create too much redundancy and overlap (and can be taxing on departments)
- Less than 6 often leads to clumping of similarly scored programs (not enough criteria to differentiate)

Community results

We asked neighbors to choose up to eight community results, or city goals – reasons our government exists.

In ranked order, those are:

1. **Safety – 640 / 77 percent**
2. **Economy – 590 / 71 percent**
3. **Utilities – 575 / 69 percent**
4. **Education – 527 / 63 percent**
5. **Environment – 471 / 56 percent**
5. **Recreation – 471 / 56 percent**

What to Consider...

3 “tests” to help you clarify

Community results

We asked neighbors to choose up to eight community results, or city goals – reasons our government exists.

In ranked order, those are:

1. Safety – 640 / 77 percent
2. Economy – 590 / 71 percent
3. Utilities – 575 / 69 percent
4. Education – 527 / 63 percent
5. Environment – 471 / 56 percent
5. Recreation – 471 / 56 percent
7. Physical Appearance – 403 / 48 percent
8. Transportation/Mobility – 375 / 45 percent

9. Diversity, Equity, Inclusion – 334 / 40 percent
10. Arts and Culture – 299 / 36 percent
11. Community Engagement – 295 / 35 percent
12. Governance – 254 / 30 percent
13. Community Design – 194 / 23 percent

1.) Stand-alone, “Reason for Your Government’s Existence” Test

Physical Appearance as a Result?

- Do you believe the City collects tax dollars in order to provide programs that achieve this result?
- Is this result a primary reason for your local government’s existence?

Transportation/ Mobility as a Result?

- Do you believe the City collects tax dollars in order to provide programs that achieve this result?
- Is this result a primary reason for your local government’s existence?

Are there any Results in the top 8 (or top 13) that fail this test for you?

Community results

We asked neighbors to choose up to eight community results, or city goals – reasons our government exists.

In ranked order, those are:

1. Safety – 640 / 77 percent
2. Economy – 590 / 71 percent
3. Utilities – 575 / 69 percent
4. Education – 527 / 63 percent
5. Environment – 471 / 56 percent
5. Recreation – 471 / 56 percent
7. Physical Appearance – 403 / 48 percent
8. Transportation/Mobility – 375 / 45 percent

9. Diversity, Equity, Inclusion – 334 / 40 percent
10. Arts and Culture – 299 / 36 percent
11. Community Engagement – 295 / 35 percent
12. Governance – 254 / 30 percent
13. Community Design – 194 / 23 percent

2.) “End” (in and of itself) or “Means to an End” Test

Are there any Results in the top 8 (or top 13) that are more of a “means to an end” to you?

Take a few minutes and separate the “ends” from the “means to an end” results

Community results

We asked neighbors to choose up to eight community results, or city goals – reasons our government exists.

In ranked order, those are:

1. Safety – 640 / 77 percent
2. Economy – 590 / 71 percent
3. Utilities – 575 / 69 percent
4. Education – 527 / 63 percent
5. Environment – 471 / 56 percent
5. Recreation – 471 / 56 percent
7. Physical Appearance – 403 / 48 percent
8. Transportation/Mobility – 375 / 45 percent

9. Diversity, Equity, Inclusion – 334 / 40 percent
10. Arts and Culture – 299 / 36 percent
11. Community Engagement – 295 / 35 percent
12. Governance – 254 / 30 percent
13. Community Design – 194 / 23 percent

3.) Redundancy Test

Are there any Results that do not seem distinct from another Result?

Community results

We asked neighbors to choose up to eight community results, or city goals – reasons our government exists.

In ranked order, those are:

1. Safety – 640 / 77 percent
2. Economy – 590 / 71 percent
3. Utilities – 575 / 69 percent
4. Education – 527 / 63 percent
5. Environment – 471 / 56 percent
5. Recreation – 471 / 56 percent
7. Physical Appearance – 403 / 48 percent
8. Transportation/Mobility – 375 / 45 percent

9. Diversity, Equity, Inclusion – 334 / 40 percent
10. Arts and Culture – 299 / 36 percent
11. Community Engagement – 295 / 35 percent
12. Governance – 254 / 30 percent
13. Community Design – 194 / 23 percent

Goal: Land on 6-8 Results

**Option 1: go with 50%+
approach, majority rule?**

**Option 2: summarize
feedback from the “tests”**
